

Success for Give It A Try Tour - Owen Sound

The Owen Sound "Give it a Try Tour" proved to be a huge success! Events went extremely well with a virtual sell out throughout the 4 days on location.

A big shout out to Grey Bruce Tourism for their excellent hospitality!

The local clubs in this area are due a large thank-you for all their efforts in supporting the program, ensuring the trails were in optimum condition. Our objectives of providing newbies with an excellent introduction to the fun of snowmobiling as well as providing positive promotion for the recreation to the masses was well attained thanks to the partnerships of the District 9 snowmobile association and the Grey Bruce Tourism group.

Three different town Mayors, one Member of Parliament, a town councilor and many media types, were some of our guest riders. All were provided an excellent orientation along with a sound reminder of how important snowmobiling is to their area and the overall winter economy.
